Mashhad Iran

AFSANEH SHARAFI

JUNIOR C# / .NET DEVELOPER

PROFESSIONAL SUMMARY

Junior C# / .NET Developer with hands-on experience building a full-stack advertising web application from scratch using ASP.NET Core, Clean Architecture, DDD, and CQRS. Strong foundation in backend development, REST APIs, and relational databases. Background in web design and WordPress projects. Currently improving English communication skills and seeking junior backend or remote freelance opportunities, preferably with relocation to Germany.

SKILLS

Backend: C#, .NET, ASP.NET Core, REST APIs, Entity Framework Core, JWT Authentication, Clean Architecture, CQRS, DDD, xUnit (basic)

Frontend: Bootstrap, HTML, CSS

Database: SQL Server, PostgreSQL

Tools & Methods: Git, GitHub, Visual Studio, VS Code

Other: Graphic design background: Adobe Photoshop, WordPress

EXPERIENCE

Independent Software Developer

Self-employed / Remote | Mashhad, Iran | [start May/2026]

- Designed and developed a full-stack advertising web application using ASP.NET Core and React.
- Implemented backend following Clean Architecture, DDD, and CQRS to separate read and write operations.
- Built RESTful APIs with Entity Framework Core and SQL Server/PostgreSQL.
- Added user authentication and authorization using JWT.
- Developed responsive frontend with React and modern CSS.
- Managed code with Git and GitHub, using feature branches and descriptive commit messages.

Freelance Web Designer / WordPress Developer

Mashhad, Iran | [2016] – [2024]

- Created and delivered multiple responsive websites for local businesses using WordPress.
- Designed custom layouts, logos, and promotional materials for clients.
- Improved user engagement by focusing on UI/UX and mobile-friendly design.

PROJECTS

Rooznabeh – Full-Stack Advertising Web Application

Personal Project | [2026]

- A full-stack advertising platform inspired by Divar, built with ASP.NET Core, Clean Architecture, DDD, CQRS, and React.
- Backend includes REST APIs, Entity Framework Core, JWT auth, and role-based access.
- Frontend built with React and responsive CSS.
- Source code kept private; available upon request.

EDUCATION

Bachelor of Engineering – Information Technology (Web Programming)

University of Applied Science and Technology, Khorasan, Iran | September 2014 – July 2016

Associate Degree – Software Engineering

Jahad Daneshgahi Institute of Higher Education, Mashhad, Iran | February 2012 – September 2013

LANGUAGES

- Persian: Native
- English: Intermediate (actively improving; comfortable with technical documentation and basic conversation)
- German: Not yet started (plan to learn after relocation)
